PROFESSIONAL INDEMNITY INSURANCE FOR CAMOs

Professional Indemnity (PI) insurance covers professionals against claims by their customers for losses they allege they suffered as a result of the negligence, error or omission of the insured.

Unlike many insurance policies tailored to meet the needs of the aviation industry, PI (professional indemnity) insurance responds to pure financial loss claims. It does not need to be triggered by an event involving death, bodily injury and/or property damage.

Examples of claims handled by ITIC for CAMOs include;

- Claims for loss of revenue following the grounding of a commercial aircraft due to a CAMO's failure to ensure that an AD was applied.
- Defence of the CAMO when they were alleged to have breached their duty of care to their client by not checking the work of the operator's appointed AMO.
- Advice regarding the recovery and restitution of aircraft records, taken as a preventative measure to mitigate a larger claim for loss of use as a result of a grounding of the aircraft.
- Defending negligence arising from a physical airworthiness review. The aircraft's existing ARC was erroneously validated and the aircraft consequently later suffered an AOG incident, leading to loss of charter hire. The claimant sued for this loss of revenue. They argued that had the airworthiness reviewer noticed the issue, the problem would have been rectified prior to the validation of the ARC, and before the aircraft went on charter.
- Failure to accurately record the number of flight cycles undertaken by the aircraft leading to an inaccurate valuation upon sale.

The activities of a CAMO could lead to an exposure which is different to that which arises from the more hands-on work undertaken by an AMO.

ITIC, a specialist, not-for-profit provider of PI insurance, is the natural choice for all firms holding EASA Part M sub-part G & I approvals. ITIC provides worldwide insurance which covers liability, including costs, arising from your negligence in the provision of CAMO services including the loss of or damage to aircraft records whilst in your custody, care and control.
